

## Turf Lawn Seed

### SPORTS TURF NON-IRRIGATED

Sports Turf (Non-Irrigated) is a proven mixture of hardy varieties that have consistently performed in non-irrigated situations. This mixture was developed for athletic fields and high traffic areas that require deep roots, wear resistance and toughness.

Sports Turf Non-Irrigated is composed of:

<b>Certified Kentucky Bluegrass</b>	The main component of the mix, spreads by rhizomes.
<b>Certified Creeping Red Fescue</b>	Provides good spreading and is drought tolerant
<b>Certified Perennial Ryegrass</b>	Good germination, aggressive to force out weeds.

Sports Turf Non-Irrigated is available in 10kg and 25kg bags.
