

## Horse Mixtures

### HP-152 Paddock & Pasture Mixture

*A grass-based mixture designed for full season grazing. Stands up to the wear and tear of horse hooves.*

- 30% Richmond Timothy
- 22% Mahulena Festulolium
- 21% Mathilde Perennial Ryegrass
- 15% Stockman Brand Orchardgrass
- 7% Kentucky Bluegrass
- 5% Grasslands Huia White Clover

A well balanced mixture that provides a variety of productive grasses, with a small amount of white clover to give you a lush green pasture or paddock. It is ideal for new and permanent pastures and is adaptable to a wide range of soil and climatic conditions. The recommended seeding rate is 26 lbs/acre.

### Horse Hay Options

*Combine the grass mix with an alfalfa mix to improve yield and quality.*

#### **3-Way Mixture & HQ1702** (1 25kg bag of HQ1702 + 2 10kg bags 3-Way Mixture)

- 39% Super Nova Alfalfa
- 26% Brome Blend
- 17% Richmond Timothy
- 11% Tower Tall Fescue
- 7% Mathilde Perennial Ryegrass

Inquire with your dealer, we can create a mixture to meet your needs!
